## Working Group on DATRAS governance

Data Science and Technology  
Steering Group (DSTSG)

## RESEARCH FOCUS

The focus of WGDG is to ensure that ICES database on trawl surveys serves the needs of data submitters and end-users.

Database governance is carried out through regular evaluation of the strong points as well as the room for improvement.

## OUR OBJECTIVE

Our objective is to align the Database of Trawl Surveys (DATRAS) for the different surveys.

We align and advise on requests for further development of DATRAS and provide a platform for end-user feedback.

## OUR EXPERTISE

- Expertise on survey data and survey methodologies used, is one cornerstone of our group, and all ICES expert groups that deliver data to DATRAS are represented.
- Database expertise is represented by ICES Data Centre and ICES Data and Information Group.
